 All State Communications, Inc.
 800 Industrial Drive
 Suite 204
 Sauk Rapids, MN 55369

Dear Pete,

With our recent crisis at our Flying Cloud Business Center site, I want to thank you and your staff at Allstate for their immediate and professional response to our needs. It was unfortunate that the previous owner of our leased site was unaware that having instructed a contractor to pull all of the cat 5 wiring from the site was going to eliminate both our phone and internet capabilities. This was critical to the needs of our staff in support of the unique student needs of this special education program.

Allstate has done a great job of providing the cabling services to many of our sites, and knowing this made it very easy for me to contact you immediately to address this crisis. Within 24 hours of my request, Allstate successfully cabled the site and provided the necessary connectivity for both the phone and internet access. Needless to say, the staff was very thankful to me in getting this taken care of so quickly. However, I did share with them that it was the quick and professional response of Allstate that made this happen.

Thanks again for your continued service to District 287. Our opportunity to take advantage of your State Contract pricing has been supported with your great service as well.

Sincerely,

Mark L. Case
 Director of Special Projects
 Intermediate District 287
