Mr. Pete Helmin  
All State Communications, Inc.  
800 Industrial Drive, Suite 204  
Sauk Rapids, Minnesota 56379

Dear Mr. Helmin:

I wanted to take this opportunity to commend All State Communications for the recent cabling and termination work completed at the Bureau of Criminal Apprehension. I appreciate the competent and timely manner in which your employees have completed this project. I believe that the State of Minnesota received an excellent product at a reasonable and competitive price.

This recent project is a good example of the professional and proficient work your team has provided to the BCA and the state. As a member of the building committee when the BCA building was constructed, I can attest to the diligence of your employees as they worked through the many hurdles present in the building plans.

It is terrific to be able to meet with your project managers, explain the job specifications, and watch as the project is completed. I know that when I talk with either Dan Hoops or you, I can count on the job being done correctly the first time.

With the growth of technological crimes and Internet Crimes Against Children that require law enforcement agencies to be better interconnected and to better share information, I know that I will be utilizing All State for our future cabling needs.

If you ever need a professional reference, please keep me in mind.

Again, thank you for the high quality of competence and professionalism.

Sincerely,

Jeff Luther
